<sup>1</sup> A minimum of 5 sets of PPE are required, for 1 SIC and 4 ERT members. <sup>2</sup> If applicable.

<sup>3</sup> Diesel is excluded from the P&FMs quantity for the purpose of CERT tier classification. For premises with no other P&FM storage and are not HRIs, premises with underground diesel storage tanks will be in tier 3 and premises with aboveground diesel storage tanks will be in tier 2. LPG storage for food stalls is also excluded from the P&FM quantity for the purpose of CERT tier classification. These provisions may not be applicable to all premises.
